---

**01**

**Getting to know POD**

**02**

**Problem Statement & Scope**

**03**

**Top Challenges For Sellers  
& How to Overcome Them**

**04**

**Key Factors for Seller Success**

# What is POD?

# What is POD?

---

*Print-on-Demand (POD)*

A business model where products are printed only after an order is placed—no upfront inventory needed

# How It Works

---

**Design**

**Listing**

**Order**

**Production  
&  
Shipping**

# Problem Statement

---

Many sellers are struggling with where to start and wonder what can make them be successful seller

# Scope

---

- Est. 2013
- Over 2M stores
- Subscription \$49/m

- Est. 2015
- Over 120K stores
- Subscription \$29/m

# Key findings

# Top Challenges For Sellers

**Both platforms are most mentioned on:**

- **Etsy**
- **Product**
- **Shipping**

# Common help requests:

---

New sellers

Designing

Calculating  
profit

***“How to AVOID These Challenge?”***

# Tip #1: Be yourself

---

The key to sales is authenticity—be yourself

Why BE YOURSELF will work:

1. Build trust
2. Attracts a Loyal Niche Market
3. Boost up Social Media Marketing

## Tips #2: Go NICHES

---

There's plenty of fish in the sea → Go niches

**There are plenty  
of fish in the sea**

**There are many  
other choices**

Why NICHES will work:

1. Strong Buyer Connection
2. Lower Competition
3. Repeat Purchases

## Tips #3: Know your costs

---

### Profit Formula:

***Selling Price*** : The price you charge

***Costs*** : Production, Operation, and Shipping etc.

***Marketplace Fees*** : Fees charged by selling platform

$$\text{Profit} = \text{Selling Price} - (\text{Costs} + \text{Marketplace Fees})$$

## Tips no.4 : Know your enemies

---

- Study top sellers in your niche
- Analyze their products

# 4 Tips to keep in mind!

---

Be yourself

Go NICHES

Know your costs

Know  
your enemies

It's time to go get your fish

**THANK YOU**
